

Winter Flying

Winter flying can be a wonderful experience with clear smooth skies. This is a continuing series on 101 ways to dies in and around airplanes. In this session we will discuss how the cold can affects the pilot, passengers, airplane and the airport.

Directions: At the FBO, brick building by the flagpole.

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafetyTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
